

This is to certify that

Warwick International Computing Systems

Warwick House, Woodhouse Road, Horsley Woodhouse, Derbyshire, DE7 6AY

Has been assessed

by Antonio Cassidy for Pen Test Partners LLP
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials PLUS

Scope: Warwick International Computing Systems Limited

Certification date: October 12th, 2018

Recommended re-assessment date: **October 11th, 2019**

Certificate no.: 6022457650224298

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
